Moments of Impressions

Often it seems to the young person that it takes forever to become an adult, but actually it takes only a few short years.

At Marion Senior High School the happiest, saddest, and most exciting moments of our lives becomes but fleeting "Moments of Impressions."

WE DEDICATE OUR 1967 YEARBOOK TO A DEDICATED MAN

Virgil "Cuss" Wilson

"If I had it to do over again, I don't think I would do anything differently. I would have liked to have been a better teacher, and I would have liked to have won more games, but I wouldn't change it otherwise. I've been very lucky. I don't believe there has ever been a guy any happier in his work than I have been. I was happy teaching and coaching. But then I enjoyed working in the coal mine, too, and also I was happy working in the summer carrying cakes of ice on my back."

After graduation from Marion High School, Virgil "Cuss" Wilson went to work as a miner in the rough, but flourishing, Southern Illinois coal industry. In 1926 he enrolled at SIU where he played basketball for four years and was team captain two years.

In 1933 he started his career at MHS as teacher, coach, administrator, and friend and leader of youth. As basketball coach, his team won 301 games in 15 years, an average of 20 per season. Wilson's teams participated in Regional tournaments and won 12 titles. His teams won 3 sectional titles and advanced to Champaign in 1946, 1948, and 1951.

After previously assuming the duties of athletic director, Mr. Wilson voluntarily discontinued his coaching duties in 1954 and became assistant principal at MHS. Although he played and coached basketball, he loved all sports, especially track, which he feels is the best sport for the individual.

In 1955 the Illinois High School Coaches Association cited Wilson "For outstanding achievement in the guidance of young men by promoting ideals of character, leadership, dependability, and sportsmanship; the development of a cooperative spirit of athletic teams; and the contribution to the coaching profession."

Another honor was the establishment by the Marion Lions Club in 1957 of a "Cuss" Wilson Scholarship which is awarded by the club to the school's outstanding athlete each year.

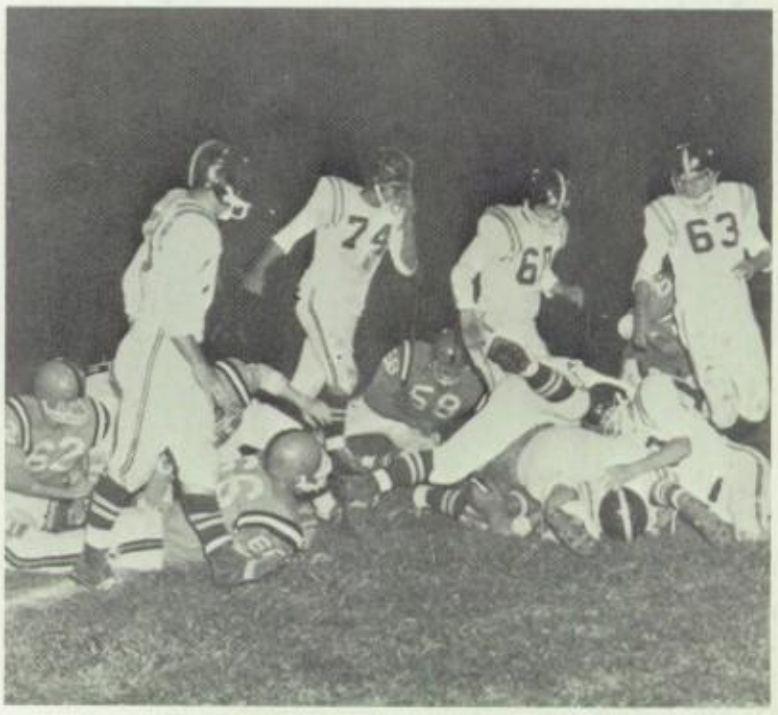
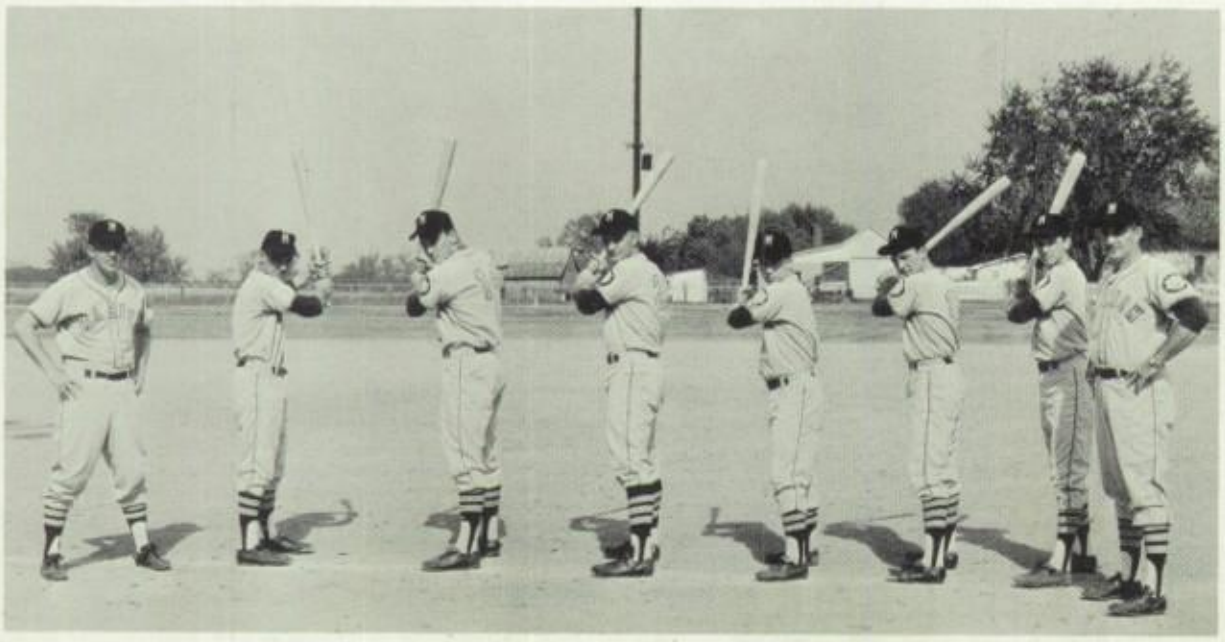
ATHLETICS

Most high school students satisfy their appetite for competition by some means of participation in athletics.

There can be little doubt that competition, especially as it pertains to athletics, plays a vital role in the life of high school students.

Some students show a need to compete by taking an active part in the various interscholastic athletics. Others take part in intramural competition, while others satisfy their needs vicariously by joining the crowd of fans who cheer the Wildcats on to victory.





CLARENCE DEMATTEI
Athletic Director

Athletics are educational. The coaches are working to develop the individual skills of the boys and to teach the principles of teamwork. The physical educational department and the school's athletic program are the framework used by the coaches to develop men who can put their strength and skills into action against other athletes. Their stamina and their strength, their abilities as individuals and as teams are the direct result of the long and arduous hours spent with their coaches.

Learning to meet a tough, well-trained competitor head on is the mark of a man—and the reward of his coach.

The man on this 3 by 4 foot platform 35 feet in the sky is Howard Jones. "Jonesy," as he is called by his peers on his regular job as maintenance supervisor for our school unit, films varsity football games.

Although "Jonesy" knowing nothing about photography preceeding this project, does know and likes football. He was star fullback for the Benton Rangers and guard for the 1946 SIU "Corn Bowl" team.

Filming a varsity football game which costs about $35 per game was started five years ago by Mr. Carl Burgener, father of Mike Burgener, former Marion Athletic Star. Mr. Burgener donated most of the expensive filming equipment and started a fund to support the program.

As the result of the filming, teams can study their errors and find ways of improving team play.

Tribute To A Star GREG STARRICK

Starrick named All-American; Starrick Breaks Five Records; Adolph Rupp Sees Starrick Score 70 points; Ed Sullivan Watches Starrick at Mt. Vernon; Starrick Wins Another Honor—Parade All-American . . . Such headlines were very frequent during Greg Starrick's and most brilliant year of varsity basketball at Marion Senior High School.

We have observed Greg's phenomenal basketball skills develop. We have watched with pride as he broke all previous records at Marion and stood out as a leader in sports, not only in Marion, but throughout Illinois and the United States. Countless honors have been bestowed upon Greg by numerous organizations and publications. A lesser person may have allowed such fame to affect his personality, but Greg has remained the same friendly person his classmates have always known.

Greg's skills have not been developed in just the last year or two. As early as the age of three, Greg was on the basketball courts, practicing with a volleyball. Through much work on his part, his determination to succeed, the guidance of his coaches, and the unfailing aid of his father Wendell Starrick, a former Coach, Greg has advanced his ability in basketball to a point described by the Varsity coach Dick Jones who stated, "I think he could play guard on any college team in the United States—right now. He's a wonderful ball handler, and his rebounding and defensive play have improved considerably since last year. Greg is more poised this season, and this has added to his effectiveness."

Without a doubt, Greg's successful basketball career has just begun. Colleges from all over the country have expressed a definite interest in Greg's atetnding their schools. Joe Lutz, Southern Illinois University baseball coach, had this to say about Greg, "We at Southern Illinois University do not think of Greg as one of the five best prep players in the United States—we feel he is the best prep basketball player in the United States. I think Greg is the most mature high school athlete I have ever seen."

Not only does Greg excel in basketball, he is also far above average in baseball. His Sophomore year Greg was All Area Second baseman. His Junior year he was All Area Shortstop. He was a fine football player; in order to devote more time to basketball, however, Greg played only two years of football, one season of track, and participated in cross country two years.

His classmates and school will forever be proud of Greg Starrick, for he has left an impression which will stay in our memories always. We wish him the best of luck in all he does, regardless of the path he decides to take.

PERSONALITIES

Attempting to meet the needs of high school students and faculty in this rapidly changing world of education is one of the major concerns of the administrative personnel.

Principals and faculty hold a firm steady hand of direction and guidance for the classes in our school.

The high school students who are usually aware of the efforts of their teachers and the principals appreciate the self-confidence and preparation that they have given us. Behind the scenes there are many other individuals serving in a capacity which is necessary for the functioning of a good school.

Our Superintendent

MR. ORLAND STANLEY, Superintendent
MRS. BILL ANDERSON, Secretary

Mr. Stanley, Superintendent of Community Unit Schools, has for several years led in the admirable progress of our school system. His sincere interest in the improvement of our educational facilities is evident to everyone.

Principal

Mr. A. C. Storme, principal of our Senior High School, is recognized as one of the outstanding principals of this area. He has worked hard in broadening the curriculum, not only for the college-bound student, but has also increased the opportunities for students in vocational education.

Mr. Storme is an active member of the North Central Association Committee to evaluate High School educational programs on the basis of the accreditation criteria established by the North Central Association of Secondary Schools.

He is also a member of District 17 of the Legislative Commission of the Illinois High School Association.

MR. A. C. STORME, Principal

MR. HERMAN STETTLER
Assistant Principal

Mr. Stettler who is new on our faculty, is assistant principal and teaches Physics.

He was formerly high school principal at Crab Orchard. He is Secretary of the School Master Club.

GUIDANCE DEPARTMENT

Left to Right: ALLAN L. McCABE, FILOMENA RAICH, JACK NICHOLS

The Guidance Department at Marion Senior High School consists of the Director of Guidance Services and two other full time Counselors. The Director of Guidance is also the Vocational Counselor.

Guidance serves as a liaison between student needs and school objectives. The department is a service branch of education rather than an instructional unit. The department renders its services to the students through school, parent, and community relationships.

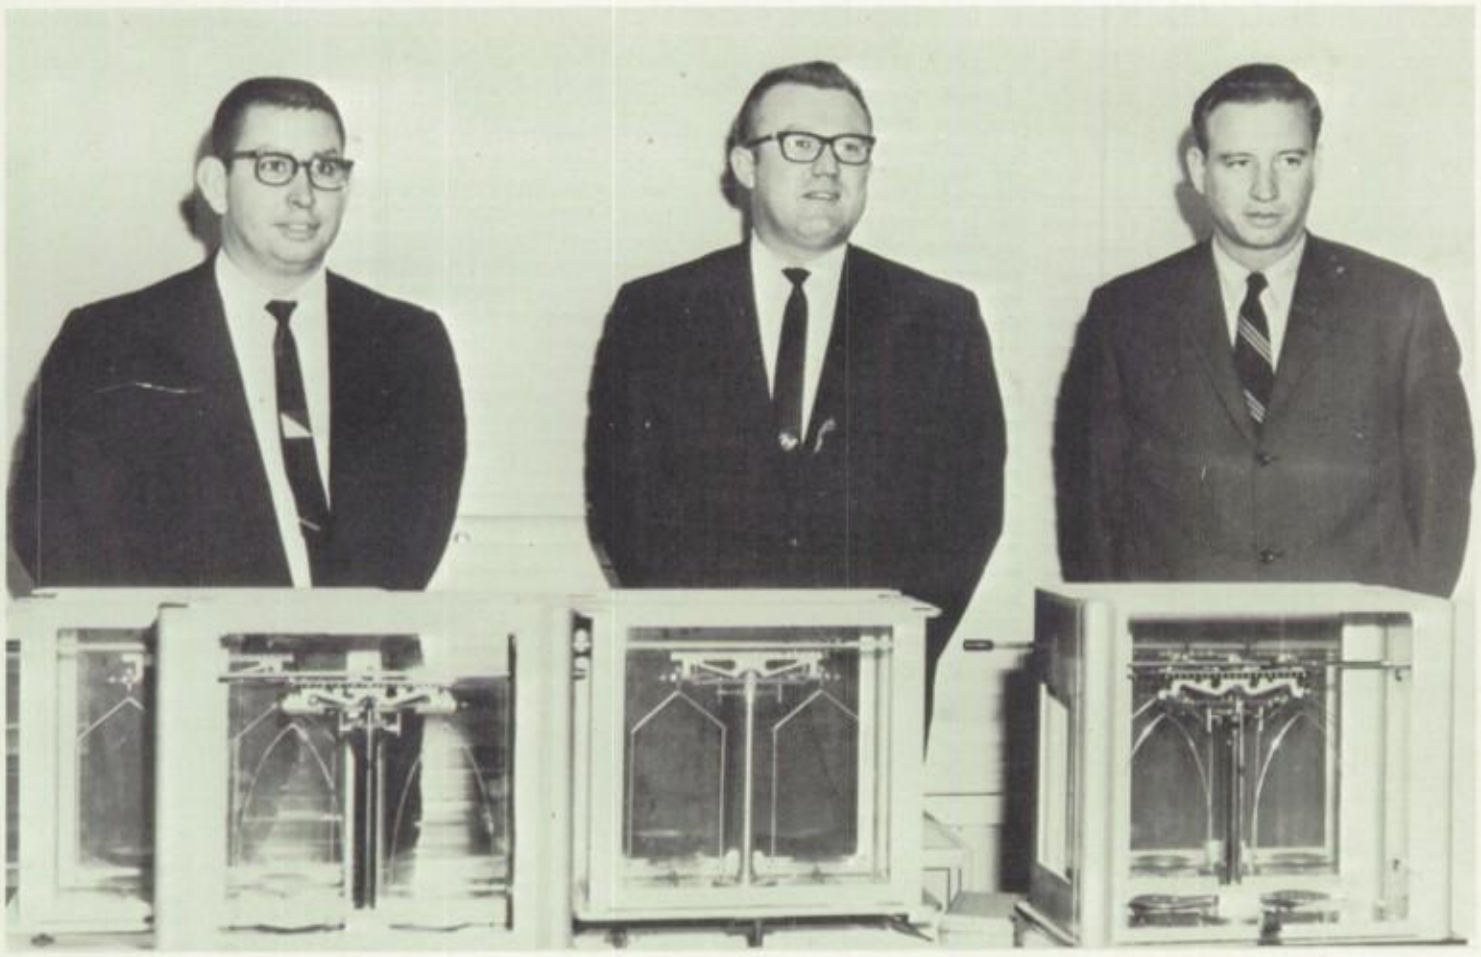
The major functions of the department are student personnel services, (personal and social), a unified testing program beginning in the elementary schools and continuing through senior high school, occupational information services and career data, pre-registration and educational placement.

Left to Right: MRS. LOUANN SIMS, Secretary; MR. WILLIAM WHITE, Librarian.

LIBRARY

Our library is rapidly becoming an instructional materials center which can provide many different services to students and faculty. Due to increased emphasis on libraries in our schools and to continuing financial support from local, state, and federal programs, we have been able to improve our library program 100 per cent. Greatest improvement has been the establishment of an audio-visual program which allows students and teachers an opportunity to enhance a more effective instructional and learning environment.

Guidance And Books



Left to Right: MR. CARL MANIER, MR. HERMAN STETTLER, MR. GERALD GOTWAY.

SCIENCE DEPARTMENT

The Science Department has revised its program in the past two years to offer two basic courses of study. Physical Science and Biology are offered at both the freshman and sophomore levels to serve the terminal science student interested in completing requirements for graduation.

For those students interested in science, the department offers a possibility of three semesters of physics, four semesters of biology, and five semesters of chemistry.

Supplementing the academic courses, the Science Department also offers biology and physical science clubs which are associated with the Illinois and National Academies of Science. The clubs participate in local, district, state, and national science fairs and expositions.

MATHEMATICS DEPARTMENT

Mathematics is used in many phases of daily life. Technological advances are requiring higher mathematics be taught in the senior high. Consequently, Advanced Math II, which gives a foundation for calculus, was added to the curriculum.

The senior high math program now includes the regular math courses which fulfill requirements for college entrance, accelerated courses, and an extension of mathematics for the exceptional student in the senior year.

Left to Right: MRS. ALICE MANN and MRS. HELEN CAGLE.

ENGLISH DEPARTMENT

Words cannot express the respect and gratitude students, both past and present, have toward one who has been a counselor, a teacher, and a friend.

Each of us sincerely extend our best wishes for a complete recovery.

MRS. JANET ASH

MISS MARGARET McNEILE, Head of English Department

Seated Left to Right: MR. RAY HANCOCK, MRS. JACQUELYN HANCOCK, MRS. SUSAN PATT, MR. JIM McDERMOTT. *Standing Left to Right:* MRS. SUE GLASCO, MRS. GALE EMERY, MRS. MABEL BRACEWELL.

The department of English has a twofold purpose—to teach for improved communication and more perceptive appreciation. Grammar and literature are the teaching tools. Standardized use of the language with an eye toward higher levels of usage improves communication, which is inherent in a language. Appreciation of literature aids the individual in comprehending life more fully; thus giving his existence more meaning.

FOREIGN LANGUAGE DEPARTMENT

The Foreign Language Department provides both modern and classical languages for students interested in French, Spanish, or Latin. All three languages are taught by combining traditional methods with modern ones in which are used tapes, recorders, and records along with numerous other teaching aids to enrich the courses.

Seated: MR. JIM McDERMOTT. *Standing Left to Right:* MRS. ROBERTA KENNEDY and MISS EVELYN PATTERSON.

Seated Left to Right: MR. GARY NOLEN, MRS. MABEL BRACEWELL, MR. ROBERT HOWARD. *Standing Left to Right:* MR. LOUIS FLUCK, MR. VERNELL BURNS, MR. CLAY HUNTER, MR. LEROY ANDERSON

SOCIAL STUDIES DEPARTMENT

An innovation in the Social Studies Department this year was team teaching in two areas. A team composed of Mr. Burns and Mr. Anderson taught Civics and Government to seniors while the team of Mrs. Bracewell, Mr. Hunter, and Mr. Fluck taught World History to both juniors and seniors. Students met as a large group in the new auditorium for illustrated lecture. Smaller groups met in the classroom for the purposes of discussion and questions. By this system, instructors and outside personnel who have special areas of interest and skill may be heard by all of the students; while, at the same time, the small groups make it possible for students to ask questions and to follow individual interests.

With an ever-increasing ease of transportation and communication, it becomes more and more important for American citizens to know not only the background of their own country, but also the cultures of the rest of the world. Recognizing this need, our Social Studies Department is constantly taking strides in the direction of the understanding so necessary for today's universal problems.

Left to Right: MRS. AUDREY ASHLEY, MR. PHILLIP EIGENMANN, and MRS. YOLONDE PETERSON

MUSIC DEPARTMENT

The music department consists of three members. Mrs. Ashley directs Madrigalians, two Girls' Octets, and a Boys' Octet. Mr. Eigenmann is the director of the MHS band: Mrs. Peterson directs Mixed Choir, Girls' Choir, and the Male Glee Club.

The MHS band performs at football and basketball games, marches in parades, and presents Christmas and Spring concerts. The choral groups of Mrs. Peterson and Mrs. Ashley perform in Christmas and Spring concerts, music festivals, and Choral Clinic. The Choir also presents Broadway musicals and appears before many civic organizations.

ART DEPARTMENT

The art department offers three and a half years of art including a semester subject "Art Appreciation." This year for the first time an additional half-day teacher has been added to take care of the enrollment in Art I classes. Activities include an annual art exhibit, occasional exhibits for clubs, meetings, and the halls, participation in school events with posters, signs and window decorations. The usual class curriculum is carried on consisting of drawing, painting, creative crafts, sculpturing, and pottery. The kiln has been used to its capacity since September and will be used more as different classes finish their clay projects.

MRS. AUDREY ASHLEY and MR. ROBERT JACKSON

PHYSICAL EDUCATION, HEALTH & SAFETY DEPARTMENT

MRS. DORIS BAKER and MISS LINDA BARNETT

Girl's Physical Education

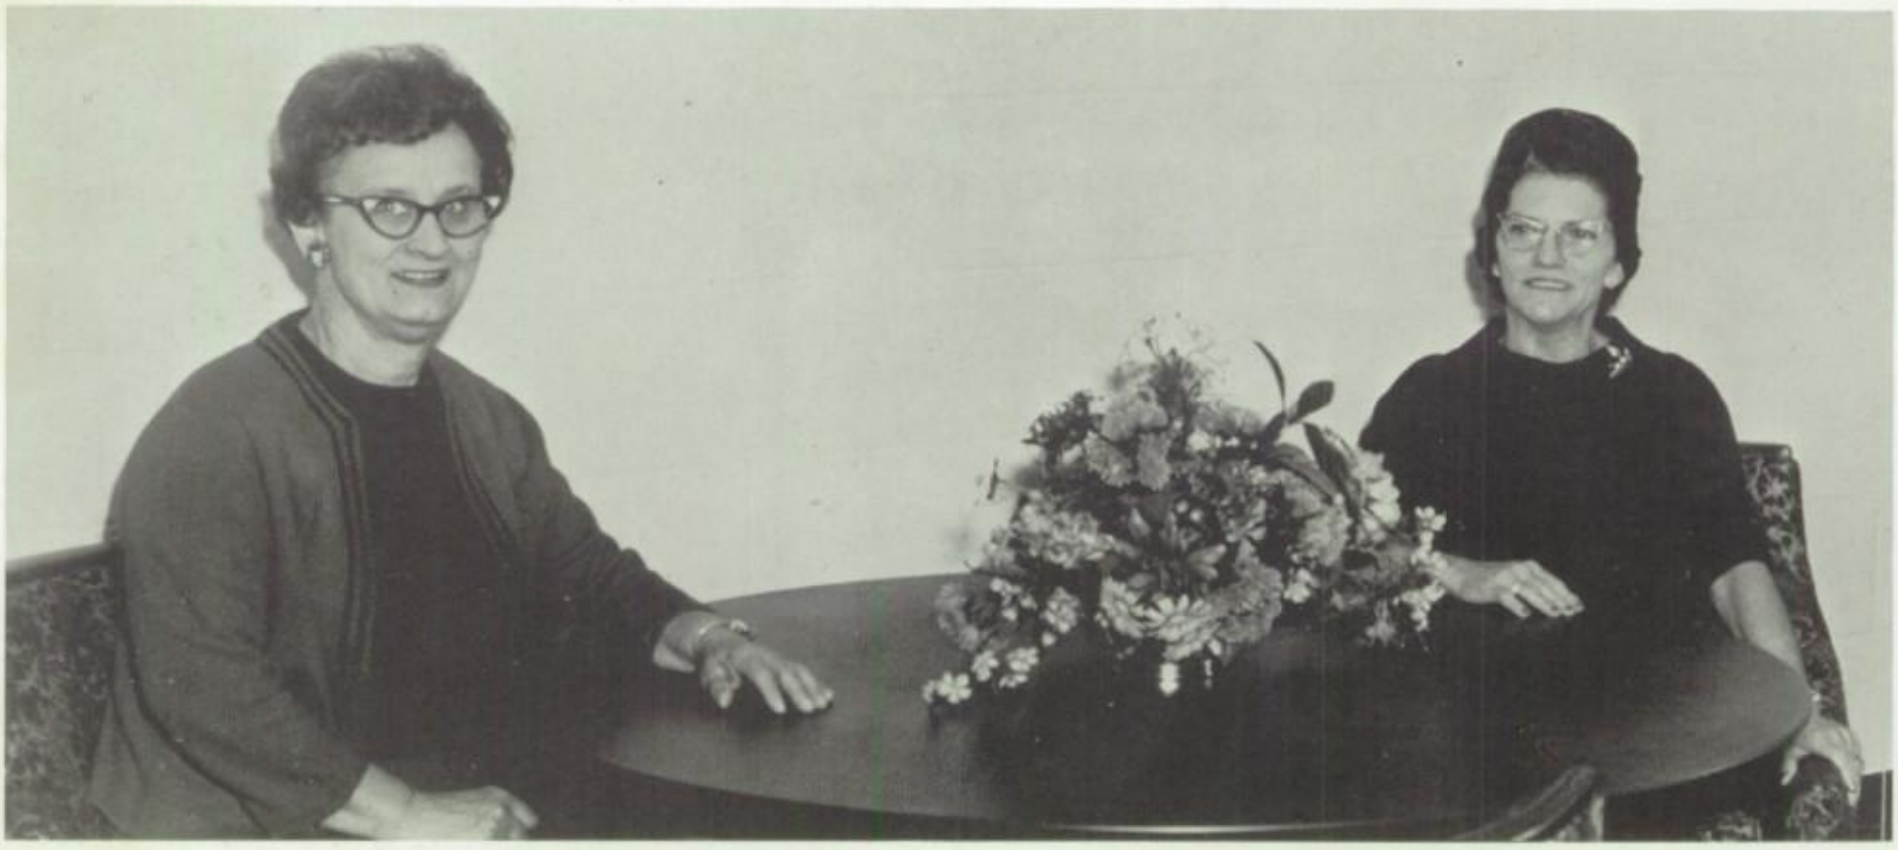
The girls' physical education program is set up to meet the needs of the students. The individual sports, archery, golf, and bowling are a part of our curriculum as well as the team sports, basketball, volleyball, and softball.

Modern Dance, folk dance, square dance, and gymnastics, the latest addition to our program, adds variety for the classes.

Physical Education, Health, and Safety

Our department holds the key to a healthy and physically fit population. We strive to include the following objectives in our program: Health and Safety knowledge and understanding, Physical Fitness, Physical skills, and Social competence.

Seated Left to Right: MR. JIM REID, MR. RICHARD JONES
Standing Left to Right: MR. JACK FLETCHER, MR. GALE DAWSON, MR. WILLIAM MILLER.



MRS. GRACE LOOS, Homemaking; MRS. ELLEN SNYDER, Homemaking, and Food Service.

HOME ECONOMICS DEPARTMENT

A composite course in home economics includes a study of housing and home furnishings which the above picture depicts as part of the unit. In the fall of 1965 the special interest and Homemaking III students with the able assistance of townspeople from the various furniture stores selected the furniture shown.

Left to Right: MRS. SANDRA BARRA, MRS. MILDRED SMITH, MRS. PHYLLIS HILL, MRS. PAT BARKER, MISS LITA PHILLIPS, MRS. CLETA WHITACRE.

BUSINESS EDUCATION DEPARTMENT

The business department offers a curriculum which is made up of four areas —secretarial, clerical, bookkeeping—accounting, and general. The aims and objectives of the department are to offer the type of instruction which will fill the need of the individual student whether it be vocational, college preparatory, or personal.

Left to Right: CLARENCE DeMATTEI, WESLEY DEATON, WILLIAM MURPHY, JIM GEORGE, HERBERT KOBLER

The Industrial Education Department offers courses in woodwork, electricity, auto mechanics, drafting, bench metal work, and crafts. Industrial education strives to develop a measure of skill in the use of common tools and machines. Through the use of projects students are encouraged to develop their talents and creative expressions in terms of industrial processes and materials.

The recent theme in agriculture is that "Agriculture Is More than Farming". There are many good jobs available to young people with some specialized agricultural training. For this reason the classroom training in the three courses offered in agriculture at Marion High are oriented towards these related fields.

WILLIAM BUNDY TEACHER OF THE YEAR AWARD

The third William Bundy Teacher of the Year Award was presented to Mr. Vernell Burns on Honors Day by Steve Frattini, president of the Key Club. The former two recipients were Mr. W. S. B. Dean and Mr. LeRoy Anderson.

In Memoriam

There's an open gate at the
end of the road
Through which each must go alone,
And there in a light
we cannot see
Our Father claims His own;
Beyond the gate your
loved one
Finds happiness and rest,
And there is comfort in the thought
That a Loving God knows best.

STUDENT LIFE

High school days are often remembered as a whirl of activities or a profusion of classes.

These moments are ours to remember—proms, hops, parties, plays, and musicals.

These things are important as they fulfill and reflect the needs that make us better all-around citizens.

ACADEMICS

An important part of every high school is the academic curriculum. Administration, faculty, and students work together toward common goals—preparation of the high school student for college, or the training of students in vocational education.

Students in our school have an opportunity to choose subjects which will enable them to pursue their educational goals. They take advantage of the many laboratory facilities to further enhance their understanding and knowledge for their future needs.

Educational progress is dependent upon a school with a broad academic curriculum with a competent faculty and highly motivated students. A student who is willing to work and to use his educational opportunities will have good preparation, which is necessary for success.

Students Receive Rotary Awards

The plan of awarding keys and pins to ten pupils from each of the four classes in the local high school was established in 1930 under the sponsorship of Mark Woodley. This plan proved so successful that it has been continued and this year marks the 35th consecutive presentation.

Awards are made on the basis of a ballot vote of the faculty of the local school. Eligibility for consideration is based on scholarship, school citizenship, cooperation, activity participation and the extent to which the pupil has contributed to the functioning of desirable school life. Scholastically, the pupil must have a 3.0 average for the first 30 weeks of school. Awards are based on the activities and school life of the current year only.

Presentation has been made in several ways. At first a night meeting of the local club was held with the forty winners as guests. Later the winners were guests at the regular Thursday meeting. For the last few years, the club has gone as a body to the school where the presentation exercises were held with the entire school as an audience. Presentation this year was made in our new auditorium. Due to our three-year Senior High, there were only thirty winners. Those students wishing to attend and parents of the winners were present.

Left to Right: Mike King, David Reynolds, Nancy Melliges, Susan E. Sneddon, Kathy Bratzel, George Kline, Bari L. Clark, Becky Miller, Don Glick, Steven Collier. Rotarians, Mr. Leo Cox, Mr. A. C. Storme, Principal; Mr. James Sanders.

ORGANIZATIONS

Moments of creative impressions are gained in high school through participation in the variety of organizations which satisfy the needs of students.

Whether an organization is chosen because it appeals to a special interest or talent, or because it provides social contact with others, or because it affords an opportunity to create new friendships, the important fact is that the students become involved in group participation.

It is the leadership, responsibility, and cooperation gained through these organizations that assist the high school student in learning to live with other people.

STUDENT COUNCIL OFFICERS

Standing Left to Right: President—Jim Powless; Vice President—Robin Grassinger; Treasurer—Mike Miller; Commissioner of Entertainment—Tom Anderson; *Seated Left to Right:* Commissioner of Public Relations—Patty Mifflin; Secretary—Jeralyn Webb.

The purposes of the Student Council are to maintain a link between the faculty and the student body, to organize and coordinate school activities, to instill proper attitudes of school spirit, pride, and citizenship, and to act as the forum for the expression of student ideas.

The Council is composed of ten members from each of the three classes. Sophomore representatives are elected in the fall. Junior members are elected in the spring of their sophomore year. During the summer and also during the school year, representatives from the Council attend various conventions and workshops, thereby increasing their leadership potential and their ability to meet the problems set before them.

During the year the Council sponsors various activities such as, Homecoming, School Spirit projects, the Spring Dance, and Honors Day. The climax to the Student Council activities is the presentation of a $100 scholarship on graduation night.

The newly formed Thespians have begun activities as a troope this year. Unlike a dramatics club, a Thespian troope belongs to a national organization and places major emphasis on acting. A Thespian troope includes a point system whereby one is only an associate member until he earns 10 points (100 hours in dramatics), thereby becoming a full-fledged Thespian. Thespian troope 2740, besides entering the usual MHS club activities, sponsors an all-school variety show, various speech contest members, many programs for civic organizations, and a best-Thespian award. Last year's winner was Susan Sneddon.

Square Dance Club

Left to Right: Brenda Kelley, President; Dale Wilson, Marilyn Johnson, Secretary; George McKinnies; Karen Kelley; Joe Chapman; Debbie Phillips, Vice President; David Simpson.

The Square Dance Club was organized in 1965. It has 40 members this year. The members have learned a number of new square dances and have danced for a civic club this year as well as for some of the other schools in the unit. The members' goal is socialization, enjoying the dances, and learning new and more difficult dances for their personal satisfaction. The club sponsors are Mrs. Doris Baker, Miss Linda Barnett, and Mr. Bill White.

Girls' Athletic Association

Left to Right: Sarah Simmons, Vice President; Georgetta Land, Planning Board; Barbara Chamness, Secretary-Treasurer; Cathy Smart, President; Judy Hilliard, Planning Board; Mary Zimmerman, Planning Board
